

# Dragonfly Craft

*Recommended ages 4-12*

*Parent supervision advised*

*Make dragonflies using small twigs for bodies and maple seeds (the spinners) for wings. You can paint wings and body after gluing them together.*

## Materials:

- Small twigs (thin and long, between 4-6 inches)
- Maple seed spinners
- Hot glue or tacky glue
- Paint (optional)

## Instructions:

1. Lay out a small twig (it is best if it is forked at the end); make sure to remove any tiny branches.
2. Place maple seed spinners near the forked end of the twig.
3. Apply glue to attach spinner and twig.
4. Paint your dragonfly any color you want (optional).
