### TRAIL INFORMATION & WEATHER

What trail did you walk and how much of it did you walk?

Trail:

Amount walked:

Today's Weather (Check all that apply):

Sunny

Partly cloudy

Overcast

Raining

Snowing

Temperature:

Other weather remarks:

### TRAIL INSPECTION - USE MAP ON 2<sup>ND</sup> PAGE TO MARK SPECIFIC PROBLEM LOCATIONS

Health & Safety Issues (IE broken elements, nails, ice, significant erosion, slippery, etc.)

General Trail Conditions (Check one):

Very wet with standing puddles

Wet

Wet & dry patches

Mostly dry

Very dry

Any problems with trail signs, markers, etc.? (No or Yes – please describe)

How is the trail corridor (open space around the trail itself)? It should be 6-8 feet wide by 8 feet tall. Does it meet this or does it need mowing/trimming?

Good, no maintenance needed

Needs some maintenance soon

Needs lots of maintenance NOW

Are there any down or hanging trees in need of removal? No, or yes and explain where

The trail itself (the treadway) should be consistently 2-3 feet wide, stable, and durable – is it? Yes or no and explain

Are there parts of the trail that have eroded or have drainage problems (standing water)? No or yes and explain

If there are bridges or boardwalks on the trail, are they in need of maintenance?

Yes

No

Huyck Preserve Trail Map: Please mark on this map the location of any problems encountered during your trail assessment. You may also mark the distance you inspected, if you did not complete the entire trail.
